Don,
We will follow up on it. We just met with the mayor and EQ, so our focus was on that meeting. We have a bit more work to do on the FS, but we will also start working on our public outreach. That said, we have no timetable on those things until we hear from Rick. I will keep you in the loop on things. What you sent me a little while back was a good framework.

Thanks,
Michael

Subject: OUTREACH

A few weeks ago I drafted a community involvement strategy and haven't heard anything back.

It included editorial boards, but given the current situation, I would say that component is not worth discussion.

It also included open houses with several groups in the Kalamazoo to explain our position in smaller groups [I would hope]. Do you want to follow up on that idea?
